

We want to congratulate our students on an awesome performance of "Rock N Roll Nursery Rhymes"! They all did a fantastic job and they had fun. It was a thrill to see so many family members and friends in the audience! Thank you for your attendance.

Thank you for the over whelming support of our annual book fair. Our classroom received many beautiful books as a result of the generous donations of parents. Due to the large volume of sales, we were able to select many more books which the children are enjoying. We appreciate your generosity and support!

We welcome everybody back from spring break! We are ready to "spring" ahead with more fun learning activities! This month we will cover the letters V, W, and X. We continue to review previously covered letters, practice our counting and number recognition, practice our scissor skills, and practice writing our names.

April showers bring May flowers! We would like to plant a small flower garden on the playground for the students to care for and enjoy. Please let your child choose a flowering plant (annual or perennial) and bring it to school on Monday, April 18. We will plant our flowers on that day. Friday, April 22, is Earth Day. We will learn about the marvels of our wonderful planet and how we can help keep our Earth happy and healthy.

On Wednesday, April 20, the children will celebrate the arrival of spring with a class party. As usual, our classroom moms have a delicious menu and fun craft planned for the children's enjoyment. Our class will start the party with an egg hunt. Each student should bring 6 plastic eggs, a small bag of wrapped candy, and a small bag of Easter grass to school by Friday, April 15.

The school year is passing by so quickly! We are pleased with your children's progress and are thankful to be a part of their young lives. We thank you for your continued support!

Mrs. Hedgecock and Miss Joani
