

September 2011

Dear Parents,

What a wonderful beginning! Your children are such pleasures to teach. We are very busy learning and exploring. So far we have worked with the letter Aa, circles, the color red, and writing our letters and names. We have also started our science unit on weather and learned about clouds and wind.

The month of September will be a very exciting month. The theme of this month is "All About Me." We will do various activities that will reflect who they are. An "All About Me" bucket will be sent home. Each child will take a turn throughout the month. When you receive the bucket please return it the next day with the items he or she would like to share with the class. There is a list in the bucket explaining what your child is to bring.

We will continue to work on one letter a week along with a different shape and color each week. We will incorporate many fun and exciting activities to go along with what we will be learning. The students will also be practicing their writing skills by writing their names and the letters we work on.

We hope to see all of you at the Open House on Thursday, September 8th at 7:00pm. Your child's work and activities will be displayed. It will be a great opportunity to see what they do each day. I will also be discussing classroom curriculum and addressing questions you may have.

Again, we are looking forward to a wonderful school year!

Sincerely,

Ms. Lana L. Vargo & Mrs. Scott
