Mrs. Lively and Mrs. Scott's Pre-K Class
jlively@thebowmanacademy.com

Literacy

We are continuing to practice a new word family each week. Please keep reviewing the sight words with your child each night. We have been practicing retelling the beginning, middle, and end of stories that we read in class. The children have been enjoying drawing their favorite part of the stories we read.

Math

We have completed our number study to 20. The children are doing great recognizing these numbers! Keep practicing at home as well. We will start learning measurement by having fun measuring objects in our classroom using our connecting cubes. We will continue to work with combining and separating sets and graphing.

CLASS PROGRAM

The children did an amazing job on stage singing their Summer Fun songs. We are so proud of each and every one of them. They were the most precious performers we have ever seen!

REMINDERS

May 12 - Muffins with Mom 9:00

May 24 - Class Party

May 26 - Last Day of School - Dismissal at 11:45

Writing

The children have come a long way with their writing! We will keep reviewing the formations of the letters and practice writing them. We have also practiced writing sentences, and discussing capital letters at the beginning, spacing and punctuation at the end. They have done a wonderful job in Writer's Workshop labeling their work with the sounds they hear. We will continue labeling our work and using writing plans. This will help the children transition into writing a simple sentence.

Science

In science we enjoyed learning the life cycle of a butterfly. The children loved watching our caterpillars change into beautiful butterflies. We will be learning the parts of a plant, and what they need to grow. This month we will also be learning about different kinds of ocean animals.

EARTH DAY

The children had fun learning about Earth Day and planting their special plants. Thank you again for bringing in such beautiful plants to put in our butterfly garden!
