March 2018

Mrs. Kidder and Mrs. Vicari's Pre-K Class  
mkidder@thebowmanacademy.com

## Class Program

We have begun preparing for our class program, which is scheduled for Friday, April 27 at 9:00am. Please be sure to mark your calendars for this special day. More information will follow in the next couple weeks.

## Math

We will continue our number study. We will be learning the numbers 14, 15, & 16 and revisit the concepts of counting, graphing, patterning, and ordinal numbers. We will also start learning to combine and separate sets.

## Science

In science we have been learning about the four seasons. We will now start to learn the characteristics of the day and night sky and how one changes into the other, as well as the objects in the sky—the sun and moon.

## IMPORTANT DATES

March 5-9	Scholastic Book Fair
March 12-16	Spring Break
March 21	Class photos
April 27	Class Program

## Literacy

We are almost finished with the alphabet! The last letters we will learn are li, Tt, and Jj. The sight words for this month are: it, is, of, play, & on. We will be sending home sight word paper books as a reinforcer. In celebration of Dr. Seuss' Birthday this month, we will begin to learn rhyming words.

## Literacy Centers

The children have been enjoying spending time working in various literacy centers. The activities at these centers give students a fun and engaging way to practice early literacy skills and encourage social interactions.

## Writing

The children have been doing a great job forming the letters we have learned. We will continue to practice the proper letter formation each week. This month we will continue to write the lowercase letters. During Writers Workshop, we will use a variety of stories and the children will practice labeling their work. We will work on writing the sounds we hear at the beginning and the end of our words.
