April 2018
Ms. Susan's Pre-K 3
smcgilvrey@thebowmanacademy.com

Dear Parents,

This month we are working on the letters U, V, and W. The children are continuing to develop social skills, problem solving and consideration for others. We are also working on our name writing and scissor skills every week. We will continue to review name recognition and patterns.

The main event of this month is our class program, "Bowman Live.":! It has been scheduled for Wednesday, April 25th. On the morning of the program please dress your child in a red shirt and blue jeans or blue jean skirt for the girls. Please bring your child to school no later than 8:45am. The program starts promptly at 9:00am and you wouldn't want to miss any of it. The children are very excited about their program and have been practicing very hard to give you their best performance.

Earth Day is April 22nd and we will celebrate our earth the whole week. We will learn about recycling, planting trees and conserving energy and resources. We will also be planting a butterfly garden. Please be on the lookout for more information regarding this fun activity!

The year is really flying by and your children have grown so much, both physically and academically. They have come a long way since August of 2017.

Lastly, as a reminder, please keep all personal toys at home unless it is your child's turn with the show-n-tell bag. It is very hard to keep track of toys brought from home and I would hate to have something so special get lost or broken.

Thank you for all your help and support.

Sincerely,
Ms. Susan

Ms. Stacie
