

## Music News

Dear families,

We have had lots of fun singing, dancing and playing percussion instruments so far this school year. We learned about tempo and pitch, lullabies and even sang some a capella. Performing the "Chicken Dance" was a hit with all the classes.

With the fall season upon us the best is yet to come! October will be filled with spooky fun melodies like, "Which Witch is Which." You might even hear your child repeating the necessary ingredients for concocting a "Witch's Brew."

"The Turkey Wobble" will be one of the featured story/dance songs, along with others emphasizing the importance of being thankful for our blessings.

In December we will sing traditional as well as, contemporary Christmas and Hanukah songs. I really enjoy introducing our little ones to icons from the past during the holidays. They will sing with Bing Crosby, Louie Armstrong, Nat King Cole and many others.

Please remember I am also available for private piano/keyboard instruction at either Bowman or in my home.

A big THANKS from me, for the fun I have sharing music with the children!

Sincerely,  
Mercy Bennie
