

Ms. Susan's December 2018 Newsletter

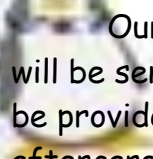

Dear Parents,

November was a great month. The children really enjoyed eating our Thanksgiving Feast. The whole school looked so cute in their Thanksgiving attire. We are so thankful to be able to continue this school event every year. We are moving on to December and the children are so excited about the holidays and our classroom has been very busy. This is such a special time of the year for all of us, but especially for the children.

Because December is such a short month, we will only be working on the letters L and M. We will also integrate some math and patterning activities along with scissor skills. The last week before our holiday break we will be making holiday crafts and learning about different holiday traditions. We will also be working on a secret surprise for all the moms and dads.

Our class party will be on Friday, December 14th at 11:00. Our class moms will be sending out a Sign-Up Genius email with information. Remember lunch will be provided on party days, so no lunchboxes are needed. If your child stays in aftercare you may want to pack a snack for the late afternoon.

Our Winter Break begins with an 11:45 dismissal on Thursday, December 20th. There is a Teacher Work Day (No School) on Friday, December 21st and then Classes resume on Monday, January 7, 2019,

Also, we would like to thank everyone who donated food to the Metropolitan Ministries Barrels of Hope. Your donations were greatly appreciated. We are continuing to support our community by collecting toys and books for families in need, which can be turned in to the office.

Lastly, we would like to wish everyone a wonderful and happy holiday!

Ms. Susan
