

Mrs. Kidder's January 2019 News

Happy New Year!

We hope everyone had a very happy holiday and enjoyed your time off! We welcome you all back and wish everyone a wonderful start of the new year.

Literacy

When we return to school we will work on getting back into our school routines. We will continue our letter study with the letters Zz, Oo, Qq, and Gg. Our new sight words this month are: *like, a, as, see, and be.*

Writing

We will continue learning the formation of the letters. We will discuss more about what good writers do, and that pictures and words work together to tell a story. We will start to label our pictures.

Math

This month we will continue our number study. The numbers we will learn this month are 7, 8, 9 & 10. Please review these numbers with your child as we learn them. We will review our shapes, 3D shapes, patterns and counting.

Science

We will be discussing bears and hibernation this month. We will then move on to discuss the seasons and weather.

Important Dates

January 7 - Classes Resume

January 21 - Martin Luther King Day (No School)
