

Music News from Ms. Mercy

Spring has sprung throughout our music classes! We are hopping to the beat, shaking our bunny tails and wiggling our noses to the bunny pokey.

We cool down from the excitement by listening to soothing tunes featuring sounds from the strings, woodwinds, brass and percussion families of the orchestra. The children really enjoy identifying the instruments they hear.

We will celebrate Earth Day with the song “Each Of Us Is a Flower,” along with other ecology minded tunes.

The piano students are gearing up for performances and dessert at my home studio on May 16th.

Private keyboard lessons will be offered during the summer months at Bowman. Please feel free to contact me with any questions.

Musically yours,
Mercy Bennie
