

Mrs. Kidder & Mrs. Vicari's April 2019 Class News

Literacy

We have finally completed the alphabet! We will now focus on the vowels, word families and review all the sight words we have learned. The new words for March are: *for, you, his, are & that*. If you feel your child is ready to move on and learn new words, I encourage you to do so. Please keep practicing them at home.

Math

We will continue to learn the numbers to 20. We will also start working on nonstandard measurement, adding and subtracting sets. We will also review other concepts we have learned this year.

Writing

The children have come a long way with their writing since the beginning of the year. Now that we have completed the alphabet, we will go back and review the proper formation of all the lowercase letters. During our "Writer's Workshop" we will continue to label our pictures and start writing plans.

Science

In science we will be learning the characteristics of the day and night sky and how one changes into the other. We will also start to learn about living and non-living things and the life cycle of a butterfly.

Earth Day

In honor of Earth Day on April 22, we will observe caterpillars turn into butterflies and release them into our butterfly garden when they are ready to fly.

Class Program

Our Class Program theme will be "Pirate." It will be held on Wednesday, May 15 at 9:00am. Please have your child wear a red t-shirt and jeans on that day. We will also have a fun Pre-K 4 Celebration for about 15 minutes following the show.

Important Dates:

April 1 - Class Pictures & Cap and Gown Photos

April 19 - No school

May 15 - Class Program
