

Pre-K 4 September 2019 News
Mrs. Johnson & Mrs. Scott

What a wonderful start of the year!

Literacy

We will be focusing on a letter a week, teaching letter formation and the sound it makes. We will follow the Handwriting Without Tears teaching order. In August we learned the letters F, E, & D. This month we will learn P, B, R & N. We will also be working on concepts of print (how to use a book). We will continue learning our color words each week.

Math

This month during Calendar Math, we will be counting, graphing, and finding patterns. We will also continue to learn all about colors and shapes. We will learn more color songs and do some really fun experiments with primary and secondary colors.

Writing

We will start working on name writing and continue learning the formations of the weekly letter. We will also work with play dough and other manipulatives to help with fine motor skills. Please refer to the Handwriting Without Tears guide in the purple folder when helping your child with letter formations. Please be sure to practice more name writing with your child at home as well.

Science

We will have science every Friday. This month, our theme will be Apple Science. We will learn the life cycle of an apple tree, taste different kinds of apples, and graph our favorite.

Reminders

Please remember to send the purple folder to school each day and clean it out nightly. If you haven't done so already, please send in a change of clothes (shirt, pants, underwear and socks) in a large Ziplock bag and be sure to label it.

Important Dates

September 2 - Labor Day (No School)

September 4 - Bricks4Kidz Begins

September 6 - Soccer Begins

September 9 - Dance Begins

September 11 - Open House @ 7:00pm (Parents Only Please)

September 11 - LifeTouch Individual Photos
