

Ms. Carol's May 2021 Newsletter

Dear Families,

And just like that, it's May! This month we will celebrate how awesome WE are as we grow each day in our community, our friends, and our family!

The kids have “played” so hard this year and they have the sharp fine motors and strong gross motors to prove it. Their imaginations have soared to great heights as shown through their creative art and play. Their expressive verbal skills have told great stories. Their sweet social skills have created a loving community with new Bowman friends. We can't wait to show you all that we “CAN” do!

On 5/20 and 5/21, our students will “perform” a collection of songs for their class program on our Bowman stage. A video link will be sent out via email for families to enjoy!

Thank you for trusting us with your children!

With Love,
Ms. Carol, Ms. Joani & Ms. Mercy
