

Ms. Lisa's April 2024 Newsletter

Dear Parents,

This month we will be exploring the changes that spring brings and doing some really fun activities! We will finalize our study of the alphabet and learn about the letters V, W, and X, Y and Z. We will begin to implement a daily review of our shapes, colors, and numbers 1-10 during our morning meeting as well as AAB pattern practice incorporated into our daily calendar.

We have been spending a lot of time practicing writing our names and working on scissor skills at school. Please continue to practice correct pencil grip and scissor skills with your child at home! This will reinforce what they are learning in class and set them up for success in Pre-K 4!

This is a very exciting time for science in our classroom. This month we are getting caterpillars for our classroom! We will watch them grow, form a chrysalis or cocoon, and emerge transformed into a butterfly! We will release them all together out on the playground. We will also be asking the children to bring in a small plant or flowers of their choice to celebrate Earth Day by planting new plants in our classroom garden on April 22nd! More information will follow!

We look forward to another super fun month in Pre-K 3!

Lisa + Jen + Lourdes

Important Dates:

- 4/2: Colton M. Birthday
- 4/19: TreeRing Yearbook Custom Pages Deadline
- 4/22: Earth Day
- 4/24: Class Photos (casual on the playground)
