

Mrs. Lee's Pre-K 2 OCTOBER Newsletter

DEAR PARENTS,

It's Fall Y'all! One of my favorite seasons!

The kids are all settled into our routines and are building their carpet time stamina each day, doing really well sitting in their assigned spots with focused eyes and ears. They have learned their friend's names, welcoming each other in the mornings, asking where they are if absent, and even calling them out to play across the playground! It's been so awesome watching them develop.

THIS MONTH

October is going to be jam packed with creative learning and exciting events. This month our themes will be "Orange you glad it's Fall" and "I can boo it all by myself" where we will focus on fun and spooktacular fall themed lessons that encourage your little one to build independence as well as motor skills through art and activities. These themes are designed to help your child learn more about themselves and the world around them.

OTHER CONCEPTS AND SKILLS WE WILL BE LEARNING THIS MONTH ARE:

-  **Color:** Orange
-  **Shape:** Triangle
-  **Number:** 3
-  **Nursery Rhymes:** "5 Little Pumpkins" & "The Pumpkin Patch"

-  **Stories:** "The Legend of Spookley the Square Pumpkin," "Pete the Cat, 5 Little Pumpkins," "Apples + Pumpkins," "Boo! Baa, LA LA LA" and "There was an old lady who swallowed a bat"
- All Mixed up (a color story)

All of these activities will help develop language skills and social skills. They will also help develop motor skills, promote creativity, and build self-confidence.

Be on the lookout for another show and tell bag to go home. The kids loved the joy and mystery of bringing in something to share! We are looking forward to all this month has in store and the growth your child will gain from this month of learning.

We are so excited for our 1st class party this month! Please be sure to check your emails from the class parents for sign up lists and more details.

Sincerely,
Mrs. Lee, Ms. CeCe, Ms. Scharon & Ms. Lourdes
